Re: Corrections to text of the Notice of Intent to Commence Large Mining Operations

Sirs;

Please note the needed changes to the text on pages 7, 11, 16, 18, 19, and 27. The purpose of the changes was due to the increased acreage that was outlined from the your recent GPS survey of the mill site disturbance and subsequent change to the maps that were submitted to your office October 05, 2004 (yesterday). If you have any questions please call me at 801-361-4242 or fax to 801-796-0257, or e-mail proctorwd@comcast.net.
